

Dear Colleagues,

The Turkish Surgical and Operating Room Nurses Association's 6th International & 14th National Congress will be held between **6-9 November 2025** at **Antalya Kemer Juju Premier Palace Hotel**. First of all, we would like to express our pleasure in welcoming you, our esteemed colleagues, to Kemer, Antalya.

"Surgical Nurses Shaping the Future, Strengthening with Science, Touching People" We are proud and happy to invite you to this congress that we set out with this slogan. Since its first congress, the Turkish Surgical and Operating Room Nurses Association has held 13 national and 5 international congresses with great success. In addition to an intensive effort prepared with great devotion in the background of reaching the growing number of participants in our congresses, there is the interest and support of our esteemed colleagues. In addition to improving ourselves scientifically in the congresses we have held, we have also gained many friendships thanks to social interactions, and we continue to win with new participants added to us in each congress.

As always, we aim to present you with the latest developments in the field of surgical care through information update sessions, conferences, panels and opposing opinion meetings in the scientific program of our congress. With the preparations realized with the understanding of a multidisciplinary team, we will come up with a rich scientific program that will appeal to both academicians and colleagues working in the field as usual. In addition to scientific saturation, we prepare a fun and satisfying social program to ensure that you leave our congress with good memories.

In light of our changing knowledge and habits during the pandemic period, we expect to see all our colleagues among us to share our experiences in the surgical process, and we offer our love and respect with the wish that we will have another successful congress together.

On behalf of the Congress Organizing Committee;

President of the Congress,
Prof. Filiz ÖĞCE AKTAŞ
